

# ANGLER'S LODGE

## DOG-FRIENDLY DETAILS

The Ozarks are a great place for a family vacation and your dogs are family too! While your pet is staying at Angler's Lodge, we ask that you follow our dog-friendly rules.

1. Please display the provided pet occupancy door hanger on the outside of your room door at all times.
2. Pets must be current on all vaccinations, flea control and must wear a current rabies tag. Pets must comply with local legislation requirements.
3. Owners are legally responsible for the actions of their pets. Pets must remain either in your room or in designated areas; this rule does not apply to service animals.
4. Pets must be kept on a leash. Handlers must monitor and control their pets at all times. Pets must not be left unattended on property (including inside vehicles that are on property).
5. Owners **MUST** clean up after their pets.
6. Angler's Lodge may exclude a pet if in the Lodge's sole discretion, the pet is considered dangerous or likely to frighten, harm or disrupt other guests. Aggressive pets must be immediately removed from the property.
7. Housekeeping services need to be pre-arranged with the Front Desk so that pets are with their owner or out of the room during service. The Front Desk will contact you to arrange cleaning services.
8. Guests are responsible for any damage or disruption pets may cause. If a deep cleaning is necessary or neighboring guests are disturbed, an appropriate fee will be added to you room.

## VETERINARY SERVICES

In the event that your dog should need medical attention while in the area, following are our local animal care specialists:
